## Deploy in Kubernetes Cluster

Deploy on kubernets

The screenshot shows the IBM Cloud Kubernetes Service dashboard for a cluster named 'mycluster-free'. The cluster is in a 'Preparing master, workers...' state and expires in 30 days. The 'Worker nodes' tab is selected, showing a table with one worker node.

Name	Status	Worker pool	Zone	Private IP	Public IP	Version
000000c9	Deployed	default	Milan 01	10.144.213.108	169.51.206.6	1.24.7_1543

The dashboard also includes a sidebar with 'Overview', 'Worker nodes', 'Worker pools', and 'DevOps' (marked as 'New'). At the bottom, there is a taskbar with various application icons and a system clock showing 10:20 AM on 11-11-2022.
